Competitive Events Committee

The articles of this document and policies described therein shall be overseen and carried out by the Ohio Future Business Leaders of America (FBLA) Competitive Events Committee (CEC) consisting of the Competitive Events Coordinator, as chair, one business/community representative, and one local chapter adviser. The following parties shall be ex-officio, non-voting members of the CEC: the Ohio FBLA-PBL State Chair and the FBLA State Adviser. EVENTS REGULATIONS

Section 1 Pre-judged Events

Pre-judged events will require competitors to complete one or more tasks prior to the SLC. These tasks may include reports, creative projects, or tests. All prejudged event tasks must be completed by the yearly due date set by the CEC. If a chapter has multiple students competing in the same event, then both students must complete and/ or submit all tasks on the same date. Failure to submit tasks in accordance with these regulations is grounds for disqualification.

The deadlines for the 2022-2023 pre-judged tasks are as follows:

- Written pre-judged materials (e.g. reports) – Due January 20th, 2022
- Online Testing – Opens on January 27th, 2022, and Closes on February 18th, 2022
- Production prejudged materials (e.g. spreadsheets) – Due February 18th, 2022

Section 2 Live Events

Live Events will require competitors to make an in-person presentation to a judge(s) during the conference. All competitors in a live event must check in at the competitive events desk. Individual/Team check-in times will be published in the conference booklet (or in place of the booklet, online) as well as made available at the competitive events desk and conference registration desk. All competitors must check in within five (5) minutes after their published check-in time. Failure to properly check-in is grounds for disqualification.

Sequestration

Immediately following their check-in competitors will be sequestered from the general population of the conference until their competition time. During sequestration, competitors may not have electronic devices of any kind or writing materials such as pens, pencils, and paper. These items must be left in the care of the competitor's respective chapter. For events that require laptops or other presentation equipment, this equipment must not be used while in the holding area. While sequestered a competitor may not communicate with any individuals outside the sequester room. Failure to comply with the rules of sequestration is grounds for disqualification.

Preparation

For events that require preparation (as outlined in the National Guidelines), instead of being held in sequestration, the individual or team shall be held in a preparation room where they will be provided their prompt (and, if applicable, note cards, flip charts, etc.). Please note the policies for sequestration apply to the preparation room.

If a live event also requires the completion of a pre-judged task; those tasks shall be governed by the pre-judged event regulations.

Section 3 Chapter Events

Chapter events shall be governed by individual regulations specified on their individual events pages of this document and set by the CEC.

Section 4 Recognition Events

Recognition events shall follow the regulations set forth for pre-judged and live events where applicable. The decision of which regulations shall govern such events is at the discretion of the CEC. Recognition events shall be noted as *recognition live* or *recognition pre-judged* to specify under what regulations they shall be judged.

Section 5 Team Events

If an event allows team entries a chapter may submit a team of no more than three (3) competitors. Team members may not be substituted after registration is complete.

Section 6 Breaking Ties

Ohio FBLA shall use the tie breaking rules set forth in the National Competitive Events Program which are as follows:

- Objective Tests: Ties are broken by comparing the correct number of answers to the last 10 questions on the exam. If a tie remains, the competitor who completed the test in a shorter amount of time will place higher. If this does not break the tie, answers to the last 20 questions will be reviewed and determine the winner.
- Objective and Production Tests: The production test scores will be used to break a tie.
- Objective Tests and Performances: The objective test score will be used to break a tie based on the tie-breaking criteria of objective tests.
- Reports/Projects and Performances: The report/project scores will be used to break a tie.
- Performances: Judges must break ties and all judges' decisions are final.

DISQUALIFICATION

Any competitor may be disqualified at the discretion of the Competitive Events Coordinator or State Adviser for failing to follow any of the policies outlined in this document. Disqualifiable offenses include but are not limited to:

- 1) Failing to comply with the FBLA Code of Conduct.
- 2) Blatant disregard for the FBLA dress code.
- 3) Failing to properly check-in for competitive events.
- 4) Communicating with other competitors about the content of event tests or scenarios before the completion of the event.

Any competitor who feels that their disqualified status was rendered without merit may appeal the decision to the full Competitive Events Committee. Any petition for appeal must be presented by the chapter adviser to a member of the Competitive Events Committee or State Adviser with appropriate evidence of a wrongfully rendered decision BEFORE the certification of the SLC Winner's List (typically one week after the conference). Competitive Events Committee decisions are final and may not be overturned except by unanimous action of the Board of Directors.
